

Thank you for participating in the IELTS speaking test. Your responses were interesting and showed a good command of English. Here's a breakdown of your performance:

### **\*\*Part 1: Introduction and Interview\*\***

Your answers in Part 1 were quite good. You provided sufficient detail about your home and family, demonstrating good fluency and coherence. However, there are some minor improvements you can make. Instead of "I resided to Johannesburg," say "I live in Johannesburg" or "I reside in Johannesburg". The phrase "rich history that was culture and dynamism" is slightly awkward. You might rephrase this as "rich history, vibrant culture, and dynamism" or "a rich cultural history and dynamic atmosphere." Also, in describing your family, "close net" should be "close-knit". These small adjustments would enhance the grammatical accuracy of your responses.

### **\*\*Part 2: Individual Long Turn\*\***

Your description of Kruger National Park was engaging

and detailed. You effectively addressed all parts of the task, including the location, timing, companions, and reasons for the place's significance. While your enthusiasm is evident, the sentence "And it's a haven for nature and things you ask the world to laugh about" needs clarification. It seems like you're trying to say it's a place of wonder, perhaps rephrase it to "It's a haven for nature and a place of wonder". The sentence "The park's natural beauty with its rolling surrounding. dance courtlands and Serene Rivers was truly breathtaking" is a run-on sentence and needs to be broken up. You also have some repetitive phrasing; try to vary your vocabulary. For example, instead of repeatedly using "we," try using pronouns like "my family and I".

### **\*\*Part 3: Follow-up Questions (Not Included)\*\***

This section was not provided in the transcript, so feedback cannot be given on this portion of the test.

### **\*\*Summary of Performance and Scores:\*\***

Overall, you demonstrated a good level of English

proficiency. Your fluency and coherence are generally good, although you could improve sentence structure and reduce repetition. Your lexical resource is satisfactory, but using a wider range of vocabulary would benefit your score. Grammatical range and accuracy need some improvement, focusing mainly on sentence structure and minor grammatical errors.

Based on your performance:

\* **Fluency and Coherence:** Band 6.5 (Good flow of speech, minor repetitions, generally coherent)

\* **Lexical Resource:** Band 6 (Sufficient range of vocabulary, some repetition, occasional inaccuracies)

\* **Grammatical Range and Accuracy:** Band 6 (Mostly accurate, some minor errors, simple sentence structures used predominantly)

**Overall Estimated Band:** 6.5

Remember that this is an estimate. To improve your score, focus on practicing more complex sentence structures, expanding your vocabulary, and refining your pronunciation. Consistent practice and focusing on the areas mentioned above will significantly boost your

IELTS score.
